*This mail is for all the contestants who have qualified for the Challenge round*

Dear Contestant,

The Challenge round starts at midnight, in an hour from now and will run for 72 hours.

### Challenge Round 1

Starts 29th July 2020 00:00 AM

Ends 31st July 2020 11: 59 PM

### INSTRUCTIONS TO PARTICIPANTS

- The Team Leader should Sign In from the hackathon website.
- Download the Question Paper. Close the window by clicking 'Finish Test' and continue working on your own computer. (You are permitted to log-in and log-out multiple times, as per your need)
- The problem must be solved on your own computer and not on the platform
- Please read the Question Paper very carefully. The Question Paper contains
  - Problem Definition
  - Links for down loading 3 data sets, and
  - Details of output files to be uploaded in a Zip
- Once you have solved the problem, please sign in again and upload your Zip File.
- You can make multiple submissions, only the most recent submission is evaluated. It is mandatory that only team leader uploads the zip file.
- Team members are permitted to collaborate using any tool (video, desktop share etc) to solve the problems. Use of Internet is permitted
- **The submission dead line is 31st July 2020 11:59 PM**
- All submissions will be checked for plagiarism. Any evidence of plagiarism will disqualify the team.

Please note that no team is eliminated in Challenge Round 1. Everyone has to complete both the Challenge Rounds, sequentially. The total score of the two rounds decide the winner.

Let the real competition begin,  
All the best,

Organizing Committee
